

§ 1951.11

7 CFR Ch. XVIII (1-1-06 Edition)

costs” are those which the loan agreement documents say the borrower is primarily responsible for paying and which the government can charge to the borrower’s account.

(1) Payments from farm income or from assignments of income will be applied first to accounts with small balances, including recoverable costs, to remove such accounts from the records. Any balance will be applied on debts secured by the lien in the following order:

(i) To amounts due or falling due on loans made in connection with the current year’s operations, except:

(A) When funds loaned for the purchase of capital goods were used to meet the current year’s operating expenses, payments will be applied first to the final unpaid installments to the extent of the loan funds so used. These payments will be treated as extra payments.

(B) When installments on loans previously made fall due before the installment on the loan for the current year’s operations or when such loans are delinquent and it is anticipated that sufficient income will be received to meet the installment on the current year’s operations when due, collections may be applied first to installments on loans made in previous years.

(ii) To accounts having the oldest delinquencies, or if no delinquencies, to the oldest unpaid account, except that the amount available for payment on OL and EM loan accounts will be prorated between the two accounts on the basis of:

(A) The delinquent amount owed on each, or

(B) The total amount owed on each if there are no delinquencies.

(2) Non-farm income and payments derived from the sale of real estate security, will be applied to the earliest account secured by the earliest lien covering such security. The amount to be applied to principal will be applied to the final unpaid installment(s).

(3) On partial refunds of loan advances, the amount to be applied to the principal will be applied to the final unpaid installment on the note which evidences such advance; however, a refund of an advance for current farm and home expenses repayable within

the year may be applied to the principal on the first unpaid installment on such note as a regular payment.

(4) Total refunds of loan advances will be applied to the notes which evidence such advances.

(5) In applying payments from sources other than those in paragraphs (a)(2), (3), and (4) of this section the borrower has the right to select the loan account or accounts on which such payments will be applied. In the absence of the borrower’s selection, such payments generally will be applied in the following order:

(i) To accounts with small balances, including recoverable costs.

(ii) To accounts with the oldest unsecured note(s).

(iii) To accounts with the oldest delinquencies.

(iv) To accounts with the oldest secured note or notes.

(6) Employees receiving collections are authorized to make exceptions to paragraphs (a)(1), (2), and (6) of this section when it is necessary to apply a part of a payment to delinquent accounts to prevent the Federal Statute of Limitations from being asserted as a defense in suits on FmHA or its successor agency under Public Law 103-354 claims.

(b) *Payments in full.* Errors of a significant amount in computation or collection will be called to the attention of the collection official by the Finance Office. The borrower’s note will not be returned until the balance on the loan account is paid in full. Claims by or on behalf of the borrowers that the amounts owed have been computed incorrectly will be referred to the Finance Office.

§ 1951.11 Application of payments on real estate accounts.

(a) *Regular payments.* If a borrower owes more than one type of real estate loan, or has received initial and subsequent real estate loans on which separate accounts are maintained, payments on such accounts should be applied so as to maintain the note accounts approximately in balance at the

end of the year with respect to installments due on the notes, other charges, and delinquencies.

(b) *Refunds and extra payments.* (1) Refunds will be applied to the note representing the loan from which the advance was made.

(2) Extra payments will be applied to the note secured by the earliest mortgage on the property from which the extra payment was obtained.

(3) Funds remaining from an RH grant or a combination loan and grant, after completion of development, will be refunded. If the borrower received a combination loan and grant, the remaining funds up to the amount of the grant are considered to be grant funds.

(c) *County Office actions.* (1) The collecting official will complete Form FmHA or its successor agency under Public Law 103-354 451-1, "Acknowledgment of Cash Payment," in accordance with the FMI when cash or money orders are received as a payment.

(2) The collection official will complete Form FmHA or its successor agency under Public Law 103-354 451-2, "Schedule of Remittances," in accordance with the FMI.

(d) *Finance Office handling.* (1) Regular payment will be handled as follows.

(i) Payments will be applied first to satisfy any administrative costs such as a charge for an uncollectible check. (The amounts of any such charges are available from any FmHA or its successor agency under Public Law 103-354 office.)

(ii) Amounts paid on direct loan accounts will be credited to the borrower's account as of the date of Form FmHA or its successor agency under Public Law 103-354 451-2 or for direct payments the date payment is received in the Finance Office, and will be applied first to a portion of any interest which accrues during the deferral period, second to interest accrued to the date received and third to principal, in accordance with the terms of the note.

(iii) Amounts paid on insured loan accounts will be credited to the borrower's account as of the date of Form FmHA or its successor agency under Public Law 103-354 451-2 or for direct payments the date payment is received

in the Finance Office, and will be applied in the following order:

(A) Advances from the insurance funds as shown on the latest *Form FmHA or its successor agency under Public Law 103-354 389-404*, "Analysis of Accounts Maturing." (If the collection is intended for final payment of the loan, or to pay the insurance account in connection with an assumption agreement, the collection will be applied first to the interest accrued on the advance to the date of the payment.)

(B) Principal advanced from the insurance fund.

(C) Unamortized costs.

(D) Amount due for amortized costs for taxes and insurance.

(E) Unpaid loan insurance charges, including the current year's charge, when applicable.

(F) First to a portion of any interest which accrues during the deferral period, second to accrued interest to the date of the payment on the note account and then to the principal balance of the note account in accordance with the terms of the note.

(2) Extra payments and refunds will be credited to the borrower's note account as of the date of Form FmHA or its successor agency under Public Law 103-354 451-2 and will be applied first to a portion of any interest which accrues during the deferral period, second to interest accrued to the date of the receipt and third to principal in accordance with the terms of the note. The amount to be applied to principal will be applied to the final unpaid installment(s). Extra payments and refunds will not affect the schedule status of a borrower except indirectly in connection with the amortization of a direct loan.

(3) The Finance Office will remit final payments promptly to lenders. Other collections (regular, extra, and refunds) applied to a borrower's insured note will be accumulated until the annual installment due date, and will be remitted along with any advances from the insurance fund to the lender within 30 days after the installment due date. All payments to a lender will be credited first to interest to the date of the Treasury check and then to principal. Since the application of a payment to a

borrower's account with the Government and the Government's account with a lender is of a different effective date, the balance owed by a borrower to the government and by the Government to a lender ordinarily will not be the same.
